

New Employee Onboarding Guide

Your Comprehensive Guide to the First 90 Days at TechViet

People & Culture Team

Version 2.3 | Last Updated: February 2026

Welcome to TechViet! We are thrilled to have you join our team. This guide contains everything you need for a successful start. Your onboarding buddy and direct manager are your primary contacts — never hesitate to ask questions. We believe the first 90 days are critical for your long-term success, and we've designed this program to set you up for it.

1. Pre-Start Preparation

The following tasks should be completed before your first day. HR and IT will reach out to you via your personal email to coordinate. If any items are incomplete by your start date, notify your HR Business Partner immediately.

Task	Owner	Deadline	Instructions
Sign employment contract and NDA	HR	5 days before start	Digital signature via DocuSign. Review carefully; ask HR for clarification on any clause.
Submit bank details for payroll	New Hire	3 days before start	Form sent to personal email. Must be a Vietnamese bank account in your name.
Complete background check	HR (vendor)	Before start	You'll receive an email from our vendor (First Advantage). Respond within 48 hours.
Prepare laptop and peripherals	IT	1 day before start	Laptop pre-configured with standard software. Monitor and accessories at your desk.
Create corporate accounts	IT	1 day before start	Google Workspace, Slack, Jira, GitHub. Credentials sent to personal email.
Assign onboarding buddy	Manager	Before start	Your buddy is a team member who joined 6-12 months ago. They'll reach out to introduce themselves.
Set up desk and welcome kit	Office Mgmt	1 day before start	Welcome kit includes: notebook, branded merchandise, office map, emergency contacts card.

2. Day 1 Detailed Schedule

Time	Activity	Location / Link	Contact Person	What to Bring
8:30	Arrive at reception. Security will issue your temporary badge. Your buddy meets you at lobby.	Ground floor lobby, main entrance	Buddy / Reception	Government ID
9:00	HR welcome session: company overview, org chart, culture, policies summary, Q&A;	Meeting Room A3, 3rd Floor (or Zoom link for remote)	HR Business Partner	Nothing — materials provided
9:45	IT setup: laptop handoff, account activation, VPN config, MFA enrollment (bring phone for authenticator)	IT Help Desk, 2nd Floor	IT Support (Tran Van Duc)	Personal phone for MFA setup
10:30	Office tour: floors, emergency exits, kitchen, gym, prayer room, mother's room, bike storage	All floors	Office Manager	Comfortable shoes

Time	Activity	Location / Link	Contact Person	What to Bring
11:00	Team introduction: meet your direct manager and team members, see the team board, learn about current sprint	Team area	Direct Manager	Curiosity and questions!
12:00	Welcome lunch with team — on the company. Your buddy will guide you to the restaurant.	Partner restaurant, ground floor	Buddy	Nothing
13:30	Company strategy and product overview presentation by CEO or COO	Auditorium, 5th Floor	CEO or COO	Notebook for notes
14:30	Benefits enrollment: health insurance, meal card, transportation, emergency contacts, tax forms	HR Office, 3rd Floor	HR Coordinator	Dependent info (for insurance)
15:30	Mandatory security awareness training (1 hour, interactive)	Training Room B2 / Zoom	Security Team	Laptop
16:30	Development environment setup (Engineering) or tool-specific training (Non-engineering)	Your desk	Buddy / Team Lead	Laptop
17:00	Day 1 debrief with manager: first impressions, answer questions, plan for rest of week	Manager's desk or 1-on-1 room	Direct Manager	Your questions!

3. Week 1 Mandatory Training Program

All training modules must be completed by the end of your first week. Training is tracked via the TechViet LMS (learn.techviet.vn). Your manager and HR will be notified if any modules are overdue. Engineering-specific training is in addition to the general modules.

Module	Duration	Platform	Day	Assessment	Passing Score
Information Security Fundamentals	2 hours	LMS (self-paced)	Day 2	Quiz (20 questions)	80%
Code of Conduct & Business Ethics	1 hour	LMS (self-paced)	Day 2	Acknowledgment + Quiz	100% ack, 80% quiz
Anti-Harassment, Diversity & Inclusion	1.5 hours	LMS (video + scenarios)	Day 3	Scenario-based quiz	80%
Data Privacy & Compliance (PDPD/GDPR)	1 hour	LMS (self-paced)	Day 3	Quiz + certification	85%
TechViet Product & Service Overview	1.5 hours	Live session (recorded)	Day 4	None (informational)	N/A
Git Workflow & Code Review (Eng only)	2 hours	Live workshop	Day 4	Submit practice PR	PR approved by mentor
CI/CD & Deployment (Eng only)	1.5 hours	Live workshop	Day 4	Deploy to dev env	Successful deploy
Architecture & Tech Stack (Eng only)	2 hours	Live session + self-study	Day 5	Architecture quiz	75%
Client Communication Standards	1 hour	LMS (self-paced)	Day 5	Scenario quiz	80%

4. 30-60-90 Day Milestone Framework

Your onboarding success is measured against the milestones below. Your manager will review progress at the 30, 60, and 90-day marks. These conversations are documented and shared with HR. Successful completion of the 90-day milestone marks the end of your probation period.

Period	Engineering Track	Non-Engineering Track	Evaluation Method
Day 1-30: Learn	Complete dev environment and all training. Read team's top 10 architecture docs. Merge first PR (bug fix or small feature). Shadow 3+ code reviews. Understand team's on-call rotation.	Complete all training modules. Shadow 3+ client meetings or stakeholder sessions. Deliver first small assignment. Learn team's tools and workflows end-to-end.	30-day check-in with manager. Self-assessment form. Buddy feedback (informal).
Day 31-60: Contribute	Own a feature or module end-to-end (design, implement, test, deploy). Participate actively in sprint planning and retros. Conduct at least 2 code reviews. Give a 15-min tech talk to team.	Own a workstream or deliverable independently. Lead or co-lead a meeting with stakeholders. Contribute meaningfully to team OKRs. Present work at team meeting.	60-day check-in with manager. Peer feedback from 2 colleagues. Review of deliverables.
Day 61-90: Own	Deliver feature with minimal guidance. Begin mentoring newer members. Propose at least 1 process or technical improvement. Participate in on-call rotation. Complete probation review.	Manage deliverables fully independently. Drive cross-team collaboration on at least 1 initiative. Propose process improvement. Complete probation review.	90-day formal review (manager + HR). 360 feedback from 3+ peers. Probation decision communicated.

5. Key Tools, Systems, and Access

Tool	Purpose	URL	Login Method	Help Channel
Google Workspace	Email, calendar, documents, video calls	mail.techviet.vn	SSO (primary identity)	#general
Slack	Real-time messaging, team channels, incident response	techviet.slack.com	SSO via Google	#it-helpdesk
Jira	Sprint planning, issue tracking, project management	jira.techviet.vn	SSO	#eng-support
Confluence	Documentation wiki, knowledge base, runbooks	wiki.techviet.vn	SSO	#eng-support
GitHub Enterprise	Source code, pull requests, CI/CD, code review	github.techviet.vn	SSO + MFA (YubiKey)	#eng-support
AWS Console	Cloud infrastructure (Engineering/DevOps only)	aws.techviet.vn	SSO + MFA + VPN required	#devops
HR Portal	Leave requests, payslips, benefits, personal info	hr.techviet.vn	SSO	#hr-support
TechViet LMS	Training modules, certifications, learning paths	learn.techviet.vn	SSO	#learning
1Password Teams	Password manager (shared vaults for team credentials)	Desktop app	SSO + Master password	#it-helpdesk
Datadog	Application monitoring, logs, dashboards (Eng only)	app.datadoghq.com	SSO + VPN for some dashboards	#observability

6. Key Contacts
