1. Service Level Agreement Framework

TechViet offers three SLA tiers based on contract value and client criticality. SLA commitments are contractually binding and tracked in real-time via our Client Success Dashboard at [clients.techviet.vn](#). SLA credits are automatically calculated when thresholds are breached. All SLA metrics are measured on a rolling 30-day basis.

SLA Tier	Contract Value	Uptime SLA	Response Time (P1)	Response Time (P2)	Dedicated CSM	Monthly Credit Cap
Platinum	>\$500K/year	99.99%	15 minutes	1 hour	Yes + TAM	15% monthly fee
Gold	\$200K–\$500K/year	99.95%	30 minutes	2 hours	Yes	10% monthly fee
Silver	<\$200K/year	99.9%	1 hour	4 hours	Shared CSM	5% monthly fee

2. Active Client Portfolio — Key Accounts

3. Client Health Score Methodology

The Client Health Score (CHS) is calculated monthly on a 0-100 scale. Scores below 70 trigger an account review with VP Sales. Scores below 50 require executive intervention.

Component	Weight	Data Source	Scoring Criteria
SLA Compliance	25%	Automated — monitoring systems	100 if no breaches, -10 per P1 breach, -5 per P2 breach
Project Delivery	25%	PM reports + Jira velocity	On-time = 100, 1-2 weeks late = 70, >2 weeks = 40
NPS / CSAT	20%	Quarterly client survey	Promoter (9-10) = 100, Passive (7-8) = 60, Detractor (0-6) = 20
Engagement	15%	Meeting cadence + responsiveness	Weekly calls + <24h email response = 100, gaps = lower
Revenue Trend	15%	Finance — billing data	Growing >10% = 100, Stable = 70, Declining = 30

4. Client Escalation Matrix

Escalation Level	Trigger	TechViet Responder	Response SLA	Communication Channel
Level 1 — Technical	Bug report or technical question	Assigned Engineer + CSM	Per SLA tier	Jira ticket + Slack shared channel
Level 2 — Service	SLA breach, repeated issues, or feature delay >2 weeks	Engineering Manager + CSM	4 hours	Email + video call within 24 hours
Level 3 — Account	Client threatens churn, contract dispute, or health score <70	VP Sales + VP Engineering	2 hours	Executive video call within 12 hours
Level 4 — Executive	Data breach affecting client, legal issue, or contract termination	CEO + CTO + Legal	1 hour	In-person or video + written response within 4 hours

5. Quarterly Business Review (QBR) Template

CSMs conduct Quarterly Business Reviews with all Gold and Platinum clients. The QBR deck follows this standard structure:

Section	Content	Duration	Owner
1. Executive Summary	Health score trend, key wins, challenges, support ticket summary	5 min	CSM
2. SLA Performance	Uptime report, incident summary, response time metrics with trends	10 min	CSM + SRE
3. Project Updates	Milestone tracker, demo of completed features, roadmap preview	15 min	PM + Tech Lead
4. Roadmap Alignment	Client priorities vs TechViet product roadmap, gap analysis	10 min	PM + CSM
5. Financial Review	Invoice summary, upcoming renewals, expansion opportunities	5 min	CSM + Finance
6. Action Items	Next steps with owners and deadlines, follow-up meeting scheduling	5 min	CSM
